Read the following text carefully and then do all the exercises that follow.

### This is London

Hi! Welcome to London. My name's Jenny and I'm your tour guide. I'm from Kingston, a small town near London. London is a big city. A lot of people live in London.

There are a lot of interesting places in London. One famous place is the London Eye. It's a big wheel. There's a fantastic view of London from up there.

The Tower of London is a very famous tourist attraction. It's a very old castle. Many people visit the castle every day. They listen to the story of the castle and take pictures of the different rooms.

Madame Tussaud's wax museum is fantastic. There are hundreds of wax dolls of famous people, like Brad Pitt, Madonna, James Bond, Michael Jackson and many others, in it. My favourite is Superman.

There's a big park, Regent's Park. It's really big. There are lots of things to see in Regent's Park. There's a river and there are boats on the river. There are playgrounds for the children, too. There's a big zoo in the park with lions, elephants, snakes and many other animals. The monkeys are very funny but people like to visit the panda. There's also a shop with souvenirs.
