**7. You recently took part in a music charity event.**

**Write an email to a friend to tell him/her about it.**

In your email you should:

- Describe what the charity event was about
- Explain why you participated and what your contribution was
- Say what you have learnt from the experience

**Write about 120 to 160 words.**

(Model answer)

Subject: Had a Blast at the Charity Music Event!

Hey Tina,

I hope you're doing well! I wanted to share with you an amazing experience I had recently at a music charity event. It was called "Harmony for Hope" and it aimed to raise funds for underprivileged children's music education programs.

I participated in this event because music has always been a passion of mine, and I believe in the power of music to uplift and inspire others. I sang a few songs and helped organise the event logistics. It was truly a rewarding experience to be able to contribute to such a meaningful cause.

Through this event, I learned that "music truly has the power to heal wounds". Seeing people come together for a common purpose and witnessing the joy and hope on the faces of the children who will benefit from our efforts was incredibly heartwarming. It reinforced the proverb "music is the universal language" and reminded me of the importance of giving back to the community.

I would love for you to join me at future charity events like this one. It's a great way to make a positive impact while doing something you love.

Catch up soon!

Best,

Tim

**8. In your country you have been discussing the importance of homework and whether teachers should review their homework policies. Write an article for your local magazine about this topic.**

Here are two comments from a student and a parent:

Homework is stressful and time-consuming. My children have no time for other activities.

Tina 48

Homework helps me practice what I learned in class and reinforces my understanding of the material.

Tom 14

**Now write an article for a local magazine, giving your opinions.**

**Advantages of homework:**

- Reinforces learning outside of the classroom
- Allows students to practice and apply what they have learned
- Promotes self-discipline and time management skills
- Can help identify strengths and weaknesses for both students and teachers
- Provides an opportunity for parental involvement in education

**Disadvantages of homework:**

- Can lead to stress and burnout, especially when it is excessive
- May not always be effective in reinforcing learning
- Can take up valuable time that could be spent on other activities
- Can contribute to inequalities among students based on access to resources
- Some students may not have a conducive environment at home for completing homework

The comments above may give you some ideas, and you can also use some ideas of your own.

**Your article should be between 150 and 200 words long.**
