PASSAGE 1

Read the article about Ada Lovelace and do TASK 3 below.

**THE FIRST COMPUTER PROGRAMMER**

Ada Lovelace was the daughter of Lord Byron, the famous English poet. In June 1833 her teacher Mary Somerville, a well-known scientist, introduced her to Charles Babbage. Babbage was an English mathematician, who first had the idea for a programmable computer.

In 1843, Ada translated the work of an Italian mathematician, Luigi Menabrea, on Babbage's Analytical Engine. This engine was an important step in the history of computers; it was the first mechanical computer.

Babbage worked on it for many years until his death in 1871. However, because of financial, political, and legal issues, the engine was never built. The design of the machine was very modern; It was 100 years ahead of the first finished general-purpose computers.

When Ada translated the article, she added a set of notes which specified in complete detail a method for calculating certain numbers with the Analytical Engine, which have since been recognized by historians as the world's first computer programme. She also saw possibilities in it that Babbage hadn't: she realised that the machine could compose pieces of music. The computer programming language 'Ada', used in some aviation and military programs, is named after her.

## PASSAGE 2

Read the passage about a new shopping mall and do TASK 4 below.

### MERRIWETHER MALL

Gatesbridge's new Merriwether Mall is opening this September. With an area of 320,000 square metres, the Merriweather Mall will be the biggest mall in the south west. It's located close to the motorway, has its own bus station and 2000 car parking spaces, so it is convenient for everyone.

The mall has five areas, all under cover. The largest, Main Street, is a shopping area on three floors. Here, you'll find all the major chain stores and department stores. You can buy fashion items and all the famous brand names. There is also a large chemist.

Situated on two levels, the market square is where you can find traditional market stalls. On the lower floor, there are food stalls, including a butcher's, baker's, a fishmonger's, greengrocer's and delicatessen. On the upper floor, you will find stalls selling hardware and clothes for men.

Bohemia is at the rear of the mall. Here, you'll find quirky, independent shops selling everything from second hand music and books to clothes and handicrafts.

The Palisade is more upmarket. Here you will find fashion boutiques, jewellers, antiques and furniture. There are also two banks and a post office located along The Palisade.

The Showground is the entertainment centre of the mall. On the ground floor, there is a food court where you'll find cuisine from around the world, including Chinese, Japanese, Thai and Italian food. There is a large arena where events will take place through the year. There is also an eight-screen cinema, a night club and a bowling alley.

And if that is not enough, we are offering you a voucher which will give you £10 off any purchase over £40 that you make in the Merriwether Mall between 10th and 16th September. You can't afford to miss it!
