**PART I: WRITING**

**35 MARKS**

**1. Write a composition of 250-300 words on ONE of the following topics: (35 marks)**

- A.** It is argued that young people should leave home by the age of 18 while others support that young people should stay with their parents if they wish. Write an article for your school magazine about the advantages and disadvantages of leaving home at an early age.

Students are expected to write an article stating both sides of the topic.

**Advantages**

- Financially independent to spend your money as you wish, nobody to nag at you
- Independence, no rules or asking for permission to go out.
- No inquisitive parents/poke their nose ignoring how old you are.
- Face challenges and difficulties on your own/ helps you to mature, more independent, self-reliant. Become more knowledgeable, improve your life skills and general knowledge in dealing with different situations, manage your finances
- Stand on your own two feet / more confident
- Chance to be creative, decorate in your own style/reflect your personality.
- Enhances social and personal life, throw parties, invite friends late at night, play any kind of music an any time

**Disadvantages**

- Too many expenses rent, bills, groceries/ hard to save money/ less social life
- More responsibilities, cleaning and maintaining your place, doing the washing up, laundry etc. time consuming.
- In case of an emergency: no unconditional family support around
- Feel lonely, scared, nervous
- Sense of freedom can bring the worst habits out, encourage irresponsible behaviour

**B.** Write an article for an online magazine stating your opinion on the following topic: Health Education should be a compulsory subject at school.

Students are expected to write an opinion article stating clearly their opinion whether Health Education should be included in the school curriculum or not.

### **Advantages**

- Bad eating habits nowadays make it a necessity, convenience food, sugary products
- Over the last few years, there has been a steady increase in the number of students battling diseases like obesity, diabetes and high blood pressure due to malnutrition and lifestyle
- Integrally connected to one's daily survival especially nowadays with the spreadable contagious disease corona virus.
- Children should be taught from an early age about the importance of taking care of themselves/becomes a habit
- Schools are the educational backbone for the young generations and teachers exercise huge influence on students
- Contributes to the all-round development of children
- Less expenses for the health care system
- Creates active, healthy, productive citizens/benefits society

### **Disadvantages**

- Waste of valuable time, more important subjects can be taught
- School syllabus is already vast and heavy
- It's parents' duty to teach their kids about health issues
- Students are taught about health education through other subjects like sports, biology etc.
- Schools need specialized people to deliver the correct information
- Other sources are enough to deliver such information, for example media and internet
