

**Cyprus EU Presidency
2025-2026
PAGKYPRION GYMNASIUM
The Cyprus Forum**

The Cyprus Forum, organized by Oxygen for Democracy, brings together personalities from the political, economic, and scientific sectors, from both the public and private spheres, as well as from civil society, with the aim of promoting socially responsible policy and shaping creative solutions for Cyprus and the wider region.

Our students attended discussions in both Greek and English, met distinguished speakers, and participated actively through questions and dialogue. Through this experience, they gained valuable knowledge, developed their critical thinking, and realized the importance of active citizenship.

The students were given a meaningful “taste” of professional life after school, became acquainted with the challenges faced by active citizens, and drew inspiration from people striving for democracy, transparency, social contribution, and the reunification of our island.
