Logo Analysis and Design

In the context of the Cyprus Presidency of the Council of the European Union 2026, our school planned and implemented lessons aiming at familiarizing our students with the logo of the Cyprus Presidency, the symbolism, the main idea behind it and the values it represents for Cyprus.

Students were introduced to the logo and given a worksheet with a text and activities to work on in order to learn more about the inspiration behind the logo and the themes the logo represents. Students were then asked to design their own alternative logos, to describe them in short paragraphs and finally to present them in class.

Selected student logos will be included in the School Magazine for the school year 2025-2026 as part of the activities that took place in our school for this school year.
