

European Day of Languages

School Year 2025-2026

PERIFEREIAKO GYMNASIO AYIAS VARVARAS

On Friday, 26/09/25, we celebrated the European Day of Languages at our school under the theme: “Languages open the heart and the mind.”

Our students learned about the languages of Europe and listened to music in different languages. They also translated songs and voted for their favourite one through a QR code. Inspired by this year’s theme, they created posters, danced, wrote “I love you” in many languages on a large display board, and filled the day with smiles, creativity, and joyful moments.
