

European Day of Languages
School Year 2025 - 2026
ATHIENYO GYMNASIUM

Athienou Gymnasium participated in the European Day of Languages 2025 through three initiatives aimed at promoting linguistic diversity and intercultural understanding. On 26 September, a group of students gave short presentations on their native language to students across the school's third grade classes. In addition, during the break, students read aloud the phrase "Talk to me" in various European languages.

At the same time, from 15 September to 15 October, the school organised a logo design competition for the Erasmus+ programme in which it participated, encouraging creativity, collaboration, and active student involvement.

Co-funded by the European Union
