

European Day of Languages
School Year 2025 – 2026
KOKKINOCHORIA LYCEUM FOTIS PITTAS
Celebrating Diversity Through Languages

On the occasion of the European Day of Languages, celebrated every year on 26 September, the Foreign Language teachers of our school, in cooperation with the Welfare Committee, organised a special event aiming to promote multilingualism and highlight the cultural richness of Europe.

During the event, students and teachers enjoyed songs from various European countries, participated in knowledge games and activities related to Europe, and shared traditional treats and delicacies prepared by both students and teachers. The celebration created a joyful atmosphere that encouraged intercultural understanding, cooperation and active participation among members of the school community.

The proceeds from the event were donated to the school Welfare Fund, strengthening the spirit of solidarity, contribution and collaboration within our school community. Through this initiative, students had the opportunity to celebrate linguistic diversity while also supporting an important social cause.
