

**European Day of Languages**  
**School Year 2025 – 2026**  
**MAKARIOS III LYCEUM LARNACA**  
**Fun activities and games**

On September 26<sup>th</sup> our school celebrated the *European Day of Languages* through various fun activities and games such as Chinese Whispers, mini boards, spelling games, crosswords, matching activities, questionnaires and music. During school breaks, students learn greetings and simple phrases from different European languages, helping them appreciate diversity and the importance of multilingual communication. The celebration encourages respect for different cultures and reminds us that learning languages can build friendships and connect people around the world. It is both an educational and enjoyable experience for everyone.
