

European Day of Languages

School Year 2025-2026

Perifereiako Gymnasio Ayias Varvaras

INTRA-SCHOOL POSTER DESIGN COMPETITION FOR THE EUROPEAN DAY OF LANGUAGES 2025

The English teachers invited students to create a poster based on the theme of the 25th anniversary of the European Day of Languages:

“Languages open the heart and the mind!”

The aim was to highlight the fact that language learning engages both emotions and the brain. In addition to potentially enhancing cognitive abilities and connecting people, learning languages can facilitate the exchange of ideas, feelings, and experiences, strengthening empathy and respect for different ways of life.

Students were allowed to use symbols, quotations, and works of art to convey messages and let their creativity run free!

There were many outstanding entries, and the following participants were distinguished and awarded 1st, 2nd, and 3rd prizes:

- **1st Prize:** Myria Ioannou, A2
- **2nd Prize:** Rafailia Ioannou, A5
- **3rd Prize:** Evangelia Pavlou, A5

The posters that stood out in the school competition participated in the European-wide competition organized by the European Centre for Modern Languages in Austria.
