

European Day of Languages
School Year 2025-2026
TESEK MAKARIOS III NICOSIA
Games, Flavours and European Languages

The European Day of Languages, celebrated every year on 26 September, promotes linguistic diversity, multiculturalism, and lifelong language learning across Europe. It encourages people of all ages to appreciate the value of learning foreign languages and to develop greater understanding and respect for different cultures and traditions.

In this spirit, our school organized a variety of engaging activities to celebrate this important occasion. The students participated in interactive exercises, presentations, and creative projects. All students who took part in the activities had the opportunity to taste delicacies from various countries, offered by the teachers of the foreign languages department.
