The Literature Wall**

Literature Month, celebrated this year at our school throughout March, is a dynamic educational initiative inspired by World Poetry Day (21 March) and World Theatre Day (27 March). The aim of this initiative is to highlight the transformative power of poetry and theatre in cultivating creativity, critical thinking, teamwork, and collaboration among students.

The English Department of our school organised an in-class activity called the *Literature Wall*, during which extracts from literary books and poems were displayed on the classroom walls. Students, either individually or in pairs, read as many extracts as they could and were then invited to answer a series of questions on Google Forms using QR codes. Throughout the activity, they had the opportunity to develop their comprehension skills and connect with the world of literature in an enjoyable and engaging way.

Literature Month offers a vibrant platform for students to engage with the written world, fostering a lifelong appreciation for the arts and the richness of literary expression.
