Exercise 3

(10x1=10 marks)

You will hear a news broadcast about a study that says plant-based diet helps heart a little. Listen and underline the correct word in brackets.

Study says plant-based diet helps heart a little

A study says eating lots of vegetables may not greatly **1. (reduce / reuse / refuse)** the risk of heart attacks. People usually believe it is **2. (impressive / interesting / important)** to eat vegetables. The study says other things may **3. (address / affect / attend)** our heart. These include other things we eat, exercise, where we live, our **4. (income / outcome / impact)**, and if we smoke or drink. Almost 400,000 people took part in the study. They **5. (answered / asked / made)** questions about their lifestyle, diet, and what **6. (rare / raw / roast)** and cooked vegetables they ate.

The scientists said people should eat lots of vegetables. Their study found the **7. (reason / rise / risk)** of dying from heart disease was 15 per cent lower for people who ate the most vegetables. However, they said other factors also **8. (cost / caused / crossed)** this 15% reduction. A researcher said: "Our large study did not find **9. (evidence / evilness / eminence)** for a protective effect of vegetable intake on the occurrence of cardiovascular disease". He said **10. (occurrences / consequences / differences)** in money and lifestyle also affected the heart.
